CORPORATE MEMBERS **Car Hire Section**

Current Listing

Our Corporate Membership section introduced in 1994 continues to allow companies and individuals to advertise their services to our clients who require us to recommend a ***chauffeured car hire service***.

As our recognised speciality established over the past 3 decades is that of Security Chauffeur Training, Temporary and Permanent employment, we continue to expand this field beyond our expectations and have no desire to branch out into the 'Car Hire' industry.

From our very active and daily involvement in chauffeuring matters and having now established our 'Corporate Section', often and purely by accident, we seem to be frequently regarded by our vast portfolio of clients and members of the public, as a central 'Car Hire Bureau' from which recommendations can be obtained of members who offer their services with a particular make of car in that industry and often on a nationwide basis.

The status of Corporate Membership is greatly raised and very much appreciated by clients, by virtue of the fact that our Corporate Members have voluntarily accepted to be bound by the Guilds Rules & Code of Conduct, a copy of which is issued upon acceptance together with a yearly certificate of membership which should be exhibited in the members business premises.

Memberships are renewable at the end of each members year at the current fee at that time and the responsibility of renewing is that of the member concerned.

Please view the following list of companies and individuals whose details are currently registered with us and have accepted to be bound by the Guild's Rules & Codes of Conduct.

Janus Solutions, the trading name of Janus Chauffeur Services Ltd, has derived its name from the ancient Roman God, *Janus*. Janus was the God of Beginnings, which also ensured good endings; for this reason he is always depicted with two faces gazing in opposite directions, one regarding what is behind and the other looking toward what lies ahead. This is the approach we have adopted in our business and can assure you of a dynamic and proactive approach to your unique and individual travel requirements at all times.
